PML

EU MISSIONS

RESTORE OUR OCEAN & WATERS

Funded by
the European Union

The logo consists of a stylized blue and yellow shape resembling a wave or a drop, positioned to the left of the word "AGENDA" in a bold, blue, sans-serif font.

AGENDA

- **Interim and Final reports**
- **Communication Guidelines**
- **Knowledge Surveys**
- **Teaching aids collaboration**

WELCOME TO THE PROBLEU NETWORK OF SCHOOLS

A few notes about the process

APPLICATIONS

A total of 92 applications received from 18 countries
76 applications were eligible and evaluated

EVALUATION

17 experts have been involved in the evaluation process
35 projects have been awarded to schools, in 12 countries

IMPLEMENTATION

You can initiate your project from 1st August 2024!
All projects must end before 31st July 2025

CONGRATULATIONS!

INTERIM AND FINAL REPORT

There are 2 moments of interaction with each school that will require your attention

1. ProBleu monitoring questionnaire

When: halfway in your project

How: online questionnaire

What:

- are activities on schedule or have plans changed
- any difficulties implementing the project
- any results ready to share (e.g., new teaching materials, an exercise, a lesson plan, an outdoor activity with educational purposes, ...)

2. ProBleu final narrative report (you have received already a template for this report)

After the project ends, you have up to 30 days to

- describe the activities done, the main achievements, the results produced (resources and outcomes),
- inform if you have applied to the NEBS,
- present the number of students involved in the activities
- elaborate on how the results will be sustainable after the project ends (will be kept and used or further developed)

INTERIM AND FINAL REPORT

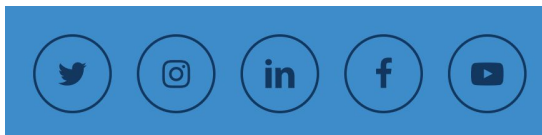

Important notes about the final report

- with the report **you must share the project results**, preferably in **editable formats** (e.g., new teaching materials, an exercise, a lesson plan, an outdoor activity with educational purposes, ...).
- any materials you share will be assigned a 'creative commons' license for re-use, unless you specify otherwise.
- you must keep evidence of the activities implemented over time (e.g. picture of students in classes or outdoor activities, copy of a new lesson or exercise, etc).
- the approval of the final report is necessary for you to receive the final share of 20% of your budget.

COMMUNICATION GUIDELINES

Read carefully the communication guidelines document

COMMUNICATION GUIDELINES

WHEN?

Before results
announcement

At least once per quarter

At the end of the project

REMEMBER TO USE THE OFFICIAL LOGOS

Available in Media Center:

<https://probleu.school/media-center/>

You can add also your **project** and your **school** logo. Please put **ProBleu** **always** **first**.

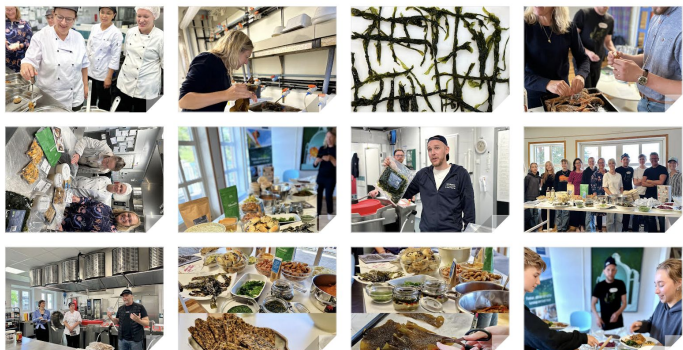

COMMUNICATION GUIDELINES

PROVIDE COMMUNICATION MATERIALS: HOW?

**Strömstad
Gymnasium**

12 archivos adjuntos - Analizado por Gmail

**padlet Ecole
Renaissance**

**FlickAir IES
Lago de Artela**

Questions: Meri Turó, mturo@icm.csic.es

WHAT?

Part of the ProBleu, is getting to know about the ocean and water literacy of the pupils and how (if) this changes with the implemented school project. Therefore, as part of your project, you are asked to administer **survey** to your pupils that participate in the activities directly. The survey will take approximately **15 min**.

WHEN

1. BEFORE starting project activities, PRE-ACTIVITY
2. AFTER implementing main project activities: POST-ACTIVITY

You will receive instructions and survey links in your local language.

KNOWLEDGE SURVEYS

 **Fomentar la alfabetización sobre los océanos y el agua**

Directrices para profesores
Cómo administrar las encuestas a los alumnos

Proyecto escolar ProBleu para ESCUELAS SECUNDARIAS

La financiación de ProBleu se centra en que las escuelas tomen la iniciativa en enseñar a los niños sobre la protección de nuestros océanos y aguas dulces.

Nos fascina el proyecto que están implementando con vuestra comunidad escolar. Parte de ProBleu consiste

 **Promoting ocean and water literacy**
 Call HORIZON-MISS-2022-OCEAN-01

Guidelines for teachers
How to administer surveys to the pupils

ProBleu school project / PRIMARY SCHOOLS

ProBleu funding is all about schools taking the lead in teaching kids about protecting our oceans and freshwater.

We are fascinated with the project that you are implementing with your school community. Part of the ProBleu is getting to know about the ocean and water literacy of the pupils and how (if) this changes with the implemented school project. Therefore, as part of your project, you are asked to administer survey to your pupils that participate in the activities directly.

These are the short guidelines for the survey:

- ❖ **Inform.** Upon the start of your project, make sure that the pupils are informed about the fact that they will survey and assure that there will be no right or wrong answers, that this is not a test, but rather a conversation.
- ❖ **Prepare.** Plan time that the pupils could devote for filling in the survey questionnaires. The survey will take approximately 15 min. Survey is web based. Make sure pupils have access to computers, tablets or smartphones with internet connection.
- ❖ **Administer.** Share the link to survey with your pupils directly participating in ProBleu funded project activities. Make sure to share the pre-activities questionnaire link before starting the activities. And share the post-activities questionnaire link after the activities are ended.

 **Probleme din domeniul apelor și al oceanelor**

Checklistar ProBleu pentru elevii de școală GIMNAZIALĂ

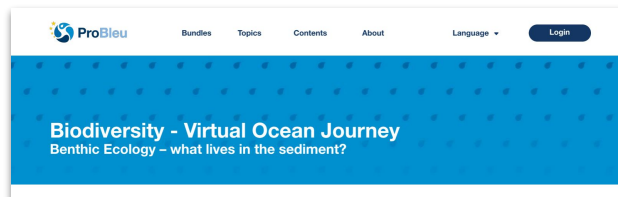

Bine ai venit la sondajul nostru!

Bună! 🌟 Ne bucurăm că ești aici. Acest sondaj are drept scop descoperirea modului în care tinerii ca tine abordează tema apelor: oceane, râuri și lacuri și despre viața minunată care trăiește în acestea. Indiferent că ești o persoană căreia îi place să se bălăcească în mare, o persoană curioasă în legătură cu creaturile care trăiesc sub valuri sau o persoană căreia îi place să învețe despre planeta noastră, părerile tale sunt valoroase pentru noi.

Despre ce este vorba? 🌟 Avem câteva întrebări interesante care te vor face să te gândești la apa de pe Pământ, la animalele uimitoare pe care o numesc casă și la ceea ce putem face pentru a proteja această resursă vitală. Părerile tale ne vor ajuta să aflăm ce știi tinerii și ce părere au despre aceste aspecte importante.

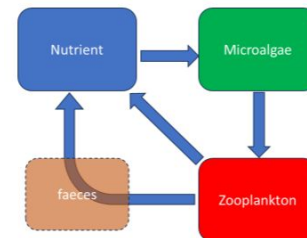

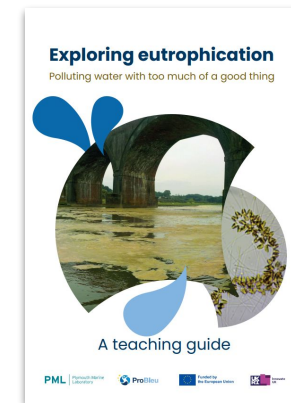

De ce ar trebui să participi? 🌟 Prin împărtășirea opiniilor tale, vei contribui la ceva important, ne vei ajuta să înțelegem mai bine și să îi învățăm și pe alții cu privire la apele planetei noastre. În plus, aceasta este o șansă pentru tine să te gândești la aceste subiecte și poate că vei

Questions: Egle Butkeviciene, egle.butkeviciene@ktu.lt

Online catalogue of teaching resources (live in October)

1. **Materials created by project partners, e.g.**
 - Resource bundles - pick-and-mix materials for your lessons
 - Virtual journeys - follow a scientist at work
 - Simulation models - experiment with nature on a computer
2. **Searchable catalogue of existing online resources**
3. **Materials created by school projects (highly recommended)**
 - Editable format, e.g. PowerPoint slides
 - Multilingual
